Adeline Agbakpe Akpemada – Director, Lead Architect
Chartered architect with 5 years' experience in
sustainable high-rise design and innovation.

- A dedicated architect with 5 years of experience, driven by a passion for sustainability, creativity, and timeless design. Highly detail-oriented, with expertise in 3D visualization, interior design, project management, sustainable design, and a renewable-energy enthusiast who brings a forward-thinking approach to shaping spaces that inspire and endure, blending cultural authenticity with global excellence. She drives innovation, planning design and development at ForgedCore Engineering

Prince Delali Asisih – Electrical and Electronics Engineer, Director (Operations), over 8 years experience in Electrical, mechanical Projects

- A results-oriented Electrical and Electronics Engineer with strong expertise in industrial systems, electrical design, HVAC, and automation. He has led major engineering projects across manufacturing, energy, and logistics sectors in Ghana and abroad. With proven leadership and hands-on technical experience, he ensures efficiency, safety, and innovation in every project. He drives operational excellence in project execution at ForgedCore Engineering.

Eyram Dela Kuwornu – Computer Science & Engineering, Director (Innovations)

A results-driven Applications and AI Engineer, Consultant, Public Speaker with expertise in software, databases, and automation. He has led innovative projects across mining, Drilling, Petroleum, logistics, finance, and research. With 7+ years of experience, he drives technological excellence at ForgedCore Engineering.

Bright Xorla Sefogah – Petrochemical Engineer & Senior Consultant

- A Petrochemical Engineer with extensive experience in the oil and gas industry, combining strong technical expertise with business acumen in sales, process modelling, data analysis, risk assessment, and safety engineering. My background bridges the gap between engineering design and strategic decision-making, enabling me to deliver practical, data-driven solutions that enhance operational efficiency, safety, and profitability.

Dongoyo Charles Kofi Nartey – Computer Science and Engineering, Director Virtual Reality and Immersion Technology

- A passionate 3D artist and immersive technology developer with deep expertise in 3D modelling, animation, and virtual reality (VR) development. His work focuses on creating visually striking, interactive, and lifelike digital experiences that merge art, design, and technology
